Centre for Teaching Support & Innovation

Building teaching excellence through leadership, collaboration & innovation.

The Centre for Teaching Support & Innovation (CTSI) provides leadership in teaching and learning at the University of Toronto (U of T) and provides support for pedagogy and pedagogy-driven instructional technology for all teaching staff and teaching assistants across the university's campuses and divisions.

SUPPORTED EDUCATIONAL TECHNOLOGIES AT U OF T

U of T supports numerous technologies and initiatives on the effective use of educational technologies in teaching. The University's Academic Toolbox Renewal Initiative (<http://toolboxrenewal.utoronto.ca/>) guides instructors, departments and divisions in making flexible, sound choices about various tools while ensuring basic considerations in their use (e.g., protecting private data and intellectual property, technical support and reliability, etc.). University supported technologies include web applications and educational technology tools that are licenced, hosted and fully supported by U of T. Visit <http://teaching.utoronto.ca/ed-tech/teaching-technology/> to learn about best practices for the use of technology in teaching and learning, and <http://act.utoronto.ca/edtech-catalogue/> to see a list of University supported educational technologies.

U OF T QUERCUS:

Integrated Tools to Facilitate Teaching and Learning <https://q.utoronto.ca>

The Quercus academic toolbox, powered by the Canvas software from Instructure, offers an advanced content design, a variety of student communication tools, easy-to-use course administration features and a mobile application for access to a number of key functions from a phone or tablet. Through a number of built-in tools and effective integration of other educational technologies, this powerful "app store" platform allows for greater pedagogical flexibility and engagement. To learn more, visit the Quercus Support Resources course site at <http://uoft.me/qresources>.

PROGRAMMING & EVENTS

Workshops, roundtables, book clubs, and special events are offered throughout the year for faculty, librarians and graduate students. These sessions cover a range of topics on teaching, learning and pedagogical issues. For more information see: <https://teaching.utoronto.ca/events/>.

Annual CTSI events include:

- **Tune into Teaching** - a week-long series of workshops is offered each fall in coordination with **New Faculty Orientation**
- **Course Design/Re-design Institute** - <http://teaching.utoronto.ca/teaching-support/course-design/>
- **Certificate in Effective University Teaching Practice** - <https://teaching.utoronto.ca/effective-university-teaching-practice/>

SCHOLARSHIP OF TEACHING & LEARNING (SoTL)

CTSI is dedicated to the advancement of the Scholarship of Teaching & Learning (SoTL) across our institution. CTSI serves as a hub to enable and support this form of scholarship via a number of resources and activities such as a SoTL listserv, network meetings and workshops, all more fully described on our SoTL website: <http://teaching.utoronto.ca/sotl/>

THE TEACHING & LEARNING SYMPOSIUM (TLS)

The TLS is an annual flagship event, co-hosted in the Spring by CTSI and the Desautels Centre for Integrative Thinking. Each year focuses on a pedagogical theme and brings together instructors, administrators and staff across the University to further teaching and learning priorities within undergraduate and graduate education. www.tls.utoronto.ca
