UNIVERSAL DESIGN FOR LEARNING (UDL)  
https://teaching.utoronto.ca/teaching-support/udl/

NEW UDL PAGE ON THE CTSI WEBSITE
There are several different models of Universal Design that are currently used in Higher Education. In CTSI, we promote the use of Universal Design for Learning (UDL), a framework that allows for multiple means of representation, action and expression, and engagement. UDL promotes inclusive practices that work to increase accessibility by reducing barriers (physical and cognitive) and build sustaining and evolving learning environments for all learners. Explore some of our resources and programming to adapt UDL practices in your teaching. Coming Soon: Accessible Learning in Quercus: Checklist for Design & Development

CENTRE FOR TEACHING SUPPORT & INNOVATION 2020 PROGRAMMING OFFERINGS

WORKSHOP: Universal Design for Learning: Engaging All Your Students

Date: April 21, 2020 | 1PM - 4PM  
Presenters: Ben Poynton, AODA Officer & Michal Kasprzak, Assistant Director, CTSI/TATP  
Description: Join us for a workshop on UDL - a set of principles for curriculum development and engagement that will give all students in your classroom equal opportunities to learn, while creating an effective learning environment. By the end of this session, you will gain an understanding of UDL principles and be able to integrate them into your teaching.

ROUNDTABLE: Creating Equitable Classrooms - Universal Design for Learning

Date: May 8, 2020 | 12PM - 1PM  
Presenters: Jasjit Sangha, Learning Strategist, Academic Success Centre, David Roberts, Associate Professor, Urban Studies and Ben Poynton, Accessibility for Ontarians with Disabilities Act (AODA) officer  
Description: An informal session that will offer faculty an opportunity to engage in small group learning about how to create equitable classrooms through an open discussion.

TEACHING & LEARNING SYMPOSIUM: Teacher-as-Learner, Learner-as-Teacher

Date: May 27, 2020 | 8:30AM - 4PM  
Description: This year’s theme will be explored through a variety of symposium threads including, “designing instruction with all in mind.” How can instructors learn to design barrier-free learning at U of T? What are innovative ways of incorporating UDL practices into classrooms and pedagogies?

UDL WEBINAR SERIES

UDL + Quercus: Inclusive approaches to teaching, learning, and assessment

Join CTSI for one or all four webinars on engaging with students using Universal Design for Learning principles and Quercus!

1. January 30, 12pm-1pm: 5 Strategies for Structure and Navigation
2. February 27, 12pm-1pm: 5 Strategies for Assessment and Feedback
3. March 26, 12pm-1pm: 5 Strategies for Student Engagement and Community Building
4. April 30, 12pm-1pm: 5 Strategies for Accessible Learning
