

Developing Tutorial Learning Outcomes

List the major things that you want your students TO KNOW (e.g., facts, theories, concepts, models, etc.) at the end of the tutorials:

--

List the major things that you want your students TO BE ABLE TO DO (e.g., skills, abilities, procedures, etc.) after taking the tutorials:

--

Write your course tutorial goals (3-4)—the **BIG IDEAS**:

1.

--

2.

--

3.

--

4.

Translate goals into 5-7 learning outcomes. Please use action verbs for outcomes (e.g., "By the end of this course, students will be able to... identify, demonstrate, discuss, etc.).

1.

--

2.

--

3.
