

Developing Tutorial Learning Outcomes

List the major things that you want your students TO KNOW (e.g., facts, theories, concepts, models, etc.) at the end of tutorials:

List the major things that you want your students TO BE ABLE TO DO (e.g., skills, abilities, procedures, etc.) after taking the tutorials:

Write your course tutorial goals (3-4) – the BIG IDEAS:

1. _____
2. _____
3. _____
4. _____

Translate goals into 5-7 learning outcomes. Please use action verbs for outcomes (e.g., “By the end of this course, students will be able to... identify, demonstrate, discuss, etc.).

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
